March 30, 2016

To the Board of Directors of the Columbia Economic Development Corporation

We have audited the financial statements of Columbia Economic Development Corporation as of and for the year ended December 31, 2015 and have issued our report thereon dated March 30, 2016. Professional standards require that we advise you of the following matters relating to our audit.

## Our Responsibility in Relation to the Financial Statement Audit

As communicated in our engagement letter dated January 12, 2016, our responsibility, as described by professional standards, is to form and express an opinion about whether the financial statements that have been prepared by management with your oversight are presented fairly, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the financial statements does not relieve you or management of your respective responsibilities.

Our responsibility, as prescribed by professional standards, is to plan and perform our audit to obtain reasonable, rather than absolute, assurance about whether the financial statements are free of material misstatement. An audit of financial statements includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control over financial reporting. Accordingly, as part of our audit, we considered the internal control of Columbia Economic Development Corporation solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control.

We are also responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures for the purpose of identifying other matters to communicate to you.

## Planned Scope and Timing of the Audit

We conducted our audit consistent with the planned scope and timing we previously communicated to you.

## Compliance with All Ethics Requirements Regarding Independence

The engagement team and others in our firm have complied with all relevant ethical requirements regarding independence.

Non-attest services we performed included: 1) drafting of the Corporation's financial statements, 2) proposing adjusting journal entries as a result of our audit, and 3) preparing the annual IRS Form 990 and CHAR 500, and 4) assisting with the Corporation's PARIS report. F. Michael Tucker and Erin McNary were designated the responsible management employees to oversee our non-attest services.

## Qualitative Aspects of the Entity's Significant Accounting Practices

## Significant Accounting Policies

Management has the responsibility to select and use appropriate accounting policies. The significant accounting policies used by Columbia Economic Development Corporation are described in Note 2 to the financial statements. There has been no initial selection of accounting policies and no changes in significant accounting policies or their application during 2015. No matters have come to our attention that would require us, under professional standards, to inform you about (1) the methods used to account for significant unusual transactions and (2) the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus.

## Significant Accounting Estimates

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

The most sensitive estimate affecting the financial statements was-

Management's estimate of the allowance for loan losses is based on management's evaluation of the collectability of the loan portfolio, including the nature and volume of the portfolio, credit concentrations, trends in historical loss experience, specific impaired loans and economic conditions. We evaluated the key factors and assumptions used to develop the allowance for loan losses in determining that it is reasonable in relation to the financial statements taken as a whole.

## Significant Difficulties Encountered during the Audit

We encountered no significant difficulties in dealing with management relating to the performance of the audit.

### **Uncorrected and Corrected Misstatements**

For purposes of this communication, professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that we believe are trivial, and communicate them to the appropriate level of management. Further, professional standards require us to also communicate the effect of uncorrected misstatements related to prior periods on the relevant classes of transactions, account balances or disclosures, and the financial statements as a whole.

The following material misstatements that we identified as a result of our audit procedures were brought to the attention of, and corrected by, management:

- An increase to grants receivable and a decrease to grant expense for \$40,000 to update the carrying amount of the Flanders/ Precisionaire contingent grant.
- A decrease to loans receivable and a decrease to allowance for doubtful accounts to write off Local Ocean, LLC, Aerocity, LLC, and Greenport Crossings, LLC loans, totaling \$371,135.
- A decrease to land and an increase to grant expense of \$114,734 to record the transfer of land to Ginsberg.

- A decrease to deferred revenue and grants receivable for \$40,000 and an increase in grant income and grant expense to record the annual reduction of the contingent grant (Hudson Valley Creamery) for complying with the requirements of the agreement.
- An increase in the allowance for loan losses of \$100,000.

## Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a matter, whether or not resolved to our satisfaction, concerning a financial accounting, reporting, or auditing matter, which could be significant to Columbia Economic Development Corporation's financial statements or the auditor's report. No such disagreements arose during the course of the audit.

## Representations Requested from Management

We have requested certain written representations from management in a letter dated March 30, 2016.

## Management's Consultations with Other Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters. Management informed us that, and to our knowledge, there were no consultations with other accountants regarding auditing and accounting matters.

## Other Significant Matters, Findings or Issues

In the normal course of our professional association with Columbia Economic Development Corporation, we generally discuss a variety of matters, including the application of accounting principles and auditing standards, operating and regulatory conditions affecting the entity, and operational plans and strategies that may affect the risks of material misstatement. None of the matters discussed resulted in a condition to our retention as Columbia Economic Development Corporation's auditors.

This report is intended solely for the information and use of the Board of Directors, and management of Columbia Economic Development Corporation and is not intended to be and should not be used by anyone other than these specified parties.

Pattinon, Koshey, Howe & Bucci, CRAs, PC

Very truly yours,

PATTISON, KOSKEY, HOWE, AND BUCCI, CPAs, P.C.

> Jean Howe Lossi, EA Carol LaMont Howe, EA Dennis A. O'Brien, CPA

Richard P. Koskey, CPA Ned Howe, CPA A. Michael Bucci, CPA Bradley Cummings, CPA, CVA Suzanne E. Muldoon, CPA Nancy K. Patzwahl, CPA Matthew H. VanDerbeck, CPA Gary F. Newkirk, CPA N. Thérèse Wolfe, CPA Mary A. Kimball, CPA

To the Board of Directors and

F. Michael Tucker of the Columbia Economic Development Corporation

In planning and performing our audit of the basic financial statements of Columbia Economic Development Corporation as of and for the year ended December 31, 2015, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, we considered Columbia Economic Development Corporation's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we do not express an opinion on the effectiveness of Columbia Economic Development Corporation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this communication, which is an integral part of our audit, is to describe, for management and those charged with governance, the scope of our testing of internal control and the results of that testing. Accordingly, this communication is not intended to be and should not be used for any other purpose.

Pattion, Koskey, Home & Bucci, CPAs, PC

March 30, 2016 Kingston, New York

#### ATTACHMENT

## **Current Years Observations and Recommendations**

## Other Matters

## 1. Monthly Reporting

#### Observation

The Board of Directors approves an annual budget that it uses to set expectations when monitoring actual financial results that transpire over the course of the year. Management enters the budget into the Organization's QuickBooks general ledger for reporting purposes. The budget is entered into QuickBooks for each month by dividing 1/12<sup>th</sup> of the annual budget. Management accounts for financial transactions primarily using the cash basis each month and makes accrual adjustments primarily at the end of the year prior to the annual audit.

By entering the budget on a straight-line basis, actual financial transactions that do not occur in that pattern could appear unusual over the course of the year when in fact the results could meet expectations. In addition, recording activity on the cash basis does not necessarily reflect the Organization's earnings for the period which may ultimately be significantly different if such accrual adjustments are not prepared until the end of the year.

#### Recommendation

We recommend management prepare its monthly budget in QuickBooks on the accrual basis and enter each month based on the actual timing anticipated for the underlying transactions. In addition, we recommend management formalize a monthly closing checklist that outlines each procedure that is necessary to ensure that all accrual adjustments are recorded prior to management's monitoring of actual monthly results versus budget.

#### General Ledger Structure / Chart of Accounts

#### Observation

The Organization has established a number of QuickBooks company files to track its "funds". In addition, the Company has established a multitude of bank accounts and general ledger accounts to track financial activity for specific funding sources (i.e. grants, revolving loan funds) as well as its lending activity. Certain activity is required by law and/or the funding source to be tracked separately and in certain instances in separate bank accounts. However, other activity could be consolidated to increase efficiency and to simplify reporting. The current volume of general ledger and bank accounts increases the amount of effort needed to prepare financial reports. Given the number of QuickBooks files, the current reporting process is not designed to consolidate the activity to facilitate management and the Board of Director's monitoring procedures.

### Recommendation

We recommend management update its chart of accounts and consider consolidating QuickBooks Company files and bank accounts where permitted by law and/or funding sources. We recommend management improve its reporting by consolidating financial results in an automated fashion. For example, customize the Organization's QuickBooks file to track program and administrative activity by use of class codes. In addition, management should consider when consolidating bank accounts which banks offer direct deposit scanners to improve efficiencies.

#### 3. Grant Agreement

#### Observation.

We found during our audit that one of the Organization's contingent grant agreements included language related to the recipient's compliance with employment goals that was different than what was communicated and understood by management.

#### Recommendation

We recommend the Organization formalize a policy and procedure that outlines the criteria to be addressed in each contingent grant agreement, and that electronic schedules be maintained and updated to insure compliance with all grant and loan covenants. We recommend that each material agreement be reviewed by the Organization's audit committee to ensure that the language in the agreement meets specific criteria outlined in the Organization's policy.

#### Commerce Park

### Observation

During 2015, a certain Commerce Park transaction was treated differently than what has been done historically. For example, the Limz Group transaction was accounted for by the Columbia County IDA ("IDA") instead of the Organization and certain of the financial activity was accounted for and processed by the Organization instead of the IDA. In addition, during the year, certain commerce park activity transpired but was not formalized with an agreement in a timely manner.

#### Recommendation

We recommend management formalize a policy and procedure, for Board review and approval, as it relates to entering into Commerce Park agreements. The procedure should ensure that the key terms of the agreement are communicated to finance, the terms are consistent with the Organization's policy, and the participant meets the Organization's criteria for qualification. In addition, all cash receipts should be accompanied by appropriate workpaper backup, including legal documents, where applicable.

## 5. Membership Accounting Integration

### Observation

During 2015, the Organization implemented a new membership program.

#### Recommendation

We recommend management consider the following as it pertains to the new membership program:

- Consider purchasing membership database software that integrates with QuickBooks and the Organization's web site to increase efficiencies and to implement an automated procedure for interacting with members and prospective members.
- Until such software is purchased, track membership revenue and billings directly in QuickBooks and empower Finance to track billings and collections.
- Simplify the accounting by billing annual membership renewals quarterly (for the upcoming year) and amortize such annual membership revenue monthly.

## 6. Human Resources and Payroll

#### Observation

The Organization's personnel policies and procedures are limited and not robust. There is risk that such policies may not comply with updated laws and regulations.

#### Recommendation

We recommend the Organization engage a qualified human resource professional to perform a comprehensive review of the Organization's human resource policies and procedures. In particular, this review should address the following:

- Exempt vs. non-exempt employee classifications (overtime, comp time, vacation, etc.)
- Health insurance and cafeteria plan
- Pension benefits / ERISA compliance / 401(k) and 403(b) options

### 7. Loan Programs

#### Observation

The Organization is a qualified Small Business Administration (SBA) lender. In addition, the Organization offers other loans to applicants under other loan programs. Certain loan applicants are awarded loans under multiple loan programs including the SBA. The SBA is more restrictive as it pertains to charging off loans when they become past due. In recent years, management has "spread the risk" of an individual borrower by allocating the total loan between SBA and general loan funds. This practice could be perceived as avoiding the more stringent SBA rules.

As an SBA lender, the Organization is also required to lend a certain amount of the funds over a period of time and if such money is not lent out expeditiously, the SBA may remove the Organization's privileges.

#### Recommendation

We recommend the Organization formalize a policy and procedure over lending to a single borrower. The policy should be clear as to the borrower's participation and qualification for each of the loan programs. In addition, the policy should be clear as to how payments received from a borrower are applied to outstanding loan balances not to favor the more restrictive SBA program. In addition, a complete review of all policies and approvals (from application, underwriting, closing, and post-closing) should be completed with revised policies and procedures reviewed and approved by the Loan Committee and Board.

### 8. Internal Controls and Efficiencies

#### Observation

Over the years, the Organization has grown and expanded its programs. Procedures have developed to accommodate such change and have incorporated internal controls procedures to mitigate risk. Certain of the procedures have become redundant and new procedures may be more efficient while maintaining adequate internal controls.

### Recommendation

We recommend management engage someone independent of management to review certain procedures in finance to identify inefficiencies and make recommendations (including additional technology applications) for management to consider with the objective to improve overall organizational efficiencies, as well as improved communications amongst departments.

#### 9. Risk Assessment

#### Observation

The Organization operates in an environment that is highly regulated and warrants robust policies and procedures to ensure compliance. In addition, non-compliance could result in significant negative consequences in the areas of reputation and funding.

#### Recommendation

We recommend management formalize an enterprise wide risk assessment and develop policies and procedures to mitigate significant risks with a focus on compliance with laws and regulations.

## 10. Fiscal Sponsorships

#### Observation

In recent years, the Organization has been approached to act in the capacity of a fiscal sponsor/agent for certain organizations that are aspiring to be non-profit organizations.

#### Recommendation

We recommend the Organization formalize a policy that spells out what criteria are necessary for the Organization to consider acting in the capacity of a fiscal sponsor or agent. The risks of acting in this capacity must be evaluated against the reward (i.e. fee earned) taking into account the amount of effort the Organization must incur to carry out the administrative services. Since acting in this capacity is not the primary objective of the Organization's mission, we first recommend the Organization consider identifying and recommending other non-profit organizations that are designed to act in this capacity.

## 11. Public Authorities Reporting Information System (PARIS)

#### Observation

Since the Organization has been designated a Public Authority, we have assisted management with the preparation of its annual reporting in PARIS. The information that is input in PARIS is derived directly from data we receive from management and ties directly back to the Organization's books and records. This process is very time consuming. Ultimately, the filing of the PARIS report is the Organization's obligation.

#### Recommendation

We recommend the Organization develop procedures and seek the appropriate training in order to have the capability to prepare the reporting in PARIS by March 31<sup>st</sup> each year. We can assist management and transfer our knowledge to make this transition more effective and efficient. Our role with then be to ensure that the information management is presenting is consistent with the financial statements and supplemental schedules we report on.

## INDEPENDENT AUDITORS' REPORT

To the Board of Columbia Economic Development Corporation

## Report on the Financial Statements

We have audited the accompanying financial statements of Columbia Economic Development Corporation (a not-for-profit component unit of the County of Columbia, New York) (the "Corporation"), as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Columbia Economic Development Corporation's basic financial statements as listed in the table of contents.

## Management's Responsibility for the Financial Statements

Columbia Economic Development Corporation's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

## **Opinion**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Columbia Economic Development Corporation, as of December 31, 2015, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

## Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 to 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

## Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated March , 2016 on our consideration of Columbia Economic Development Corporation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Columbia Economic Development Corporation's internal control over financial reporting and compliance.

## Report on Summarized Comparative Information

We have previously audited Columbia Economic Development Corporation's 2014 financial statements, and we expressed an unmodified opinion on those audited financial statements in our report dated March 30, 2015. In our opinion, the summarized comparative information presented herein as of and for the year ended December 31, 2014 is consistent, in all material respects, with the audited financial statements from which it has been derived.

Pattison, Koshen, Howe & Bucci, CRA, PC

Kingston, New York March 30, 2016

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) MANAGEMENT DISCUSSION AND ANALYSIS December 31, 2015

#### 1. Introduction:

Within this section of the Columbia Economic Development Corporation's (the "Corporation") financial statements, the Corporation's management provides narrative discussion and analysis of the financial activities of the not-for profit Corporation for the year ended December 31, 2015. This discussion and analysis is intended to serve as an introduction to the Corporation's basic financial statements for the year ended December 31, 2015.

#### 2. Overview of the Financial Statements:

The Corporation's basic financial statements include: (1) financial statements, and (2) notes to the financial statements.

#### **Financial Statements:**

The Corporation's financial statements are prepared on the accrual basis in accordance with generally accepted accounting principles promulgated by the Governmental Accounting Standards Board (GASB). The Corporation is structured as a single enterprise fund with revenues recognized when earned, not when received. Expenses are recognized when incurred, not when they are paid. Capital assets are capitalized and are depreciated over their useful lives. See notes to the financial statements for a summary of the Corporation's significant accounting policies.

The Statement of Net Position presents information on the Corporation's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of the Corporation's financial position.

The Statement of Revenues, Expenses and Change in Net Position presents information showing how the Corporation's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in these statements for some items that will result in cash flows in future periods.

The Statement of Cash Flows relates to the flows of cash and cash equivalents. Consequently, only transactions that affect the Corporation's cash accounts are recorded in this statement. A reconciliation is provided at the bottom of the statement of cash flows to assist in the understanding of the difference between cash flows from operating activities and operating income.

#### **Notes to Financial Statements:**

The accompanying notes to the financial statements provide information essential to a full understanding of the basic financial statements.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED) December 31, 2015

## 3. Financial Highlights:

Net position decreased \$245,977 during the year ended December 31, 2015. Operating expenses increased \$96,287 or 13.3%, primarily due to an increase in the allowance for loan losses of \$100,000. Operating revenues decreased \$158,350 or 39% primarily due to non-recurring contributions as a result of the dissolution of Columbia Development Leasing Corp received in 2014 of \$113,330 not received in 2015. Non-operating activity in 2015 resulted in a loss of \$114,990 primarily due to a payment to the County of Columbia, New York of \$114,000 related to a land transaction that is not expected to recur.

Total assets decreased by \$240,188 or 6.97% and total liabilities decreased \$8,436 or 0.01%. Cash and cash equivalents was \$1,472,602 at December 31, 2015, a decrease of \$117,906 from December 31, 2014. The Corporation borrowed \$100,000 from the Small Business Administration (SBA) for the SBA loan program and overall total loans increased by \$90,902 to \$1,426,853 net of an allowance for loan loss of \$240,865 at December 31, 2015.

## 4. Financial Statement Analysis:

Below is a comparative summary of the Corporation's Statements of Net Position as of December 31:

	 2015	2014		
Assets				
Capital assets	\$ 6,540	\$	121,067	
Other assets	 3,199,052		3,324,713	
Total assets	\$ 3,205,592	\$	3,445,780	
		-		
Current liabilities	\$ 160,262	\$	141,321	
Long-term liabilities	527,869		555,246	
Deferred inflow of resources	14,225		-	
Net position				
Unrestricted	2,314,340		2,413,413	
Capital	6,540		121,067	
Restricted	 182,356		214,733	
Total liabilities, deferred inflows, and net position	\$ 3,205,592	\$	3,445,780	

## (A Component Unit of the County of Columbia, New York) MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED) December 31, 2015

## 4. Financial Statement Analysis (Continued):

Below is a comparative summary of the Corporation's statements of Revenues, Expenses and Changes in Net Position for the years ended December 31, 2015 and 2014:

	2015			2014		
Operating revenues						
Charges for services	\$	35,675	\$	20,032		
Interest from loans		84,708		56,970		
Grant revenues		124,945		158,633		
Contributions		-		162,342		
Other operating revenues		2,439		8,140		
Total operating revenues		247,767		406,117		
Non-operating revenues						
Columbia County appropriation		437,000		437,000		
Interest earnings		668		3,559		
Total non-operating revenues		437,668		440,559		
Total revenues		685,435		846,676		
Operating expenditures						
Personnel and benefits		339,615		355,408		
Professional service contracts		40,615		42,045		
Grants and contributions		94,734		129,816		
Rent and office		62,227		61,898		
Consulting		88,647		22,131		
Other operating expenditures		189,916		108,169		
Total operating expenditures		815,754		719,467		
Nonoperating expenditures						
Reimbursement to related party		114,000		_		
Interest		1,658				
Total nonoperating expenditures		115,658		-		
Total expenditures		931,412		719,467		
Total (expenditures in excess of revenues)/revenues						
in excess of expenditures		(245,977)		127,209		
Net position at the beginning of the year		2,749,213		2,622,004		
Net position at the end of the year	\$	2,503,236	\$	2,749,213		

The revenue budget for 2015 was \$550,500 with projected income of \$23,539.

Total revenues were 24.5% more than budget, primarily due to greater than anticipated interest revenue generated from the outstanding loans. The Corporation also generated more grant income than expected. Total expenditures were more than budget by 76.7%, primarily due to \$114,000 paid to a related party as a result of the land sale to Ginsberg's as well as an increase in the allowance for loan losses of \$100,000. Consulting fees were also higher than the budget by \$62,647, of which \$33,750 were fees paid to a consultant for acting as the interim President/CEO.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) MANAGEMENT DISCUSSION AND ANALYSIS (CONTINUED) December 31, 2015

### 5. Additional Information:

This report is prepared for the use of the Corporation's audit committee, management, federal awarding agencies and pass through entities, and members of the public interested in the affairs of the Corporation. Questions with regard to this financial report or requests for additional information may be addressed to the Executive Director, Columbia Economic Development Corporation, 4303 Route 9, Hudson, NY 12534.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO THE FINANCIAL STATEMENTS December 31, 2015

## 1. Nature of Organization:

## Financial Reporting Entity:

The Columbia Economic Development Corporation ("CEDC" or the "Corporation") was organized as a not-for-profit entity for the purpose of promoting and developing industry and job development in Columbia County, New York. The Corporation is a component unit of Columbia County, is a separate entity, and operates independently of the County.

In February 1995, the Corporation agreed to consolidate administrative operations with Hudson Development Corporation ("HDC") to better coordinate efforts in promoting economic development in Columbia County. The new entity, Columbia Hudson Partnership, LLC (the "Partnership"), managed both organizations' operations. In 2003, an agreement was signed to dissolve The Partnership and in 2006 the CEDC purchased the entire equity share of HDC. The Corporation now, in effect, solely owns the assets of the Partnership.

## Programs of the Corporation:

## Operating Fund

The operating fund derives its revenues primarily from Columbia County appropriations and from administrative fees from related parties such as Columbia County Capital Resource Corporation ("CRC") and Columbia County Industrial Development Agency ("CCIDA"). The fund also derives revenue from interest from loan receivables.

### Loan Program - Revolving loan fund

The loan program offers loans to local businesses at a discounted interest rate to attract business to the County as well as expand business growth from existing businesses already located in the County. The fund also is used to continue offering the Microbusiness seminar series and is used to fund expenses as it applies to the administration and delivery of programs.

The loan program receives grant money from time to time from CDBG-NYS. As a requirement of the grant, the loan program awards a contingent grant (usually based on employment goals) to local organizations after meeting certain NYS grant requirements. If requirements of the grant are not met by the local organization, the grant converts to a loan. The Corporation treats these arrangements as loans until the contingencies are met. As of December 31, 2015, the Corporation's loans receivables include \$240,000 of these loan types comprised of:

*		Original	Loa	n Balance at	
	]	Loan Balance	December 31, 2015		
Flanders/Precisionaire Corporation	\$	200,000	\$	200,000	
Local Ocean		167,500		-	
Hudson Valley Creamery		100,000		40,000	
•	\$	467,500	\$	240,000	

The Local Ocean loan was in default and written off in 2015. The loan had been fully reserved.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 1. Nature of Organization (Continued):

#### **CDBG Small Cities**

Grant funds received with performance requirements are recorded as unearned revenue in the period granted. The Corporation records a receivable for the amount of the loan lent out or grant made to the third party business. As obligations are met, the loan is paid off or written down and the loan balance is earned or forfeited. Unearned revenue is recognized in income as performance obligations are met and contingent grants made are recognized in expense as earned by the grantee.

#### 267ED424-02 Grant

The 267ED424-02 grant offered assistance to local businesses by offering low interest business loans. The Corporation receives interest and principal payments on a monthly basis. At December 31, 2015, the loan balance outstanding was \$43,669.

### 267ED760-11 Grant

The 267ED760-11 grant offered assistance to local businesses to promote growth in the area and increase employment. The Corporation receives interest and principal payments on a monthly basis for the outstanding loan and the grant has contingent terms (e.g. employment targets) that must be met over a period of time. If the recipient fails to meet the requirements of the grant, the proceeds are to be paid back to the Corporation. The Corporation in turn is obligated to remit the funds back to the CDBG unless permission is granted to re-distribute the funds. At December 31, 2015, the outstanding balance was \$135,636.

## Microbusiness Program

The microbusiness program is funded by the loan program. The program offers technical assistance to local businesses. The program also offers seminars taught by local business owners and professionals.

#### SBA-Microloan Program

Loans are provided to small businesses in Columbia and Greene Counties funded by the Small Business Administration (SBA). Loans over 120 days past due are required to be charged off. The loan maturity date should not exceed six years on Microloans. The Corporation may charge up to 7.75% over the Corporation's cost of funds on a microloan of more than \$10,000 and up to 8.5% over the Intermediary's cost of funds on a microloan of \$10,000 or less. Amounts loaned to the Corporation are maintained in a restricted revolving loan fund. The Corporation is also required to maintain a separate loan loss reserve fund with its own funds representing at least 15% of SBA funds received.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 2. Summary of Significant Accounting Policies:

### Basis of Accounting:

The financial statements of the Corporation have been prepared on the accrual basis of accounting and reflect all significant receivables, payables, and other liabilities. Revenues are recorded when earned and expenses are recorded when incurred. In accordance with accounting principles generally accepted in the United States of America, the Corporation applies all applicable Governmental Accounting Standards Board (GASB) pronouncements as the Corporation is a component unit of the County of Columbia, New York, a governmental entity. The Corporation does not apply any Financial Accounting Standards Board (FASB) or AICPA pronouncements post November 30, 1989, as clarified by GASB No. 62. In accordance with GASB standards, balance and activity for the Corporation are presented as an enterprise fund.

## Deferred Outflows/Inflows of Resources:

GASB Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position, and GASB Statement No. 65, Items Previously Reported as Assets and Liabilities, defined and classified deferred outflows of resources and deferred inflows of resources. A deferred outflow of resources is a consumption of net assets that applies to future period(s), and as such, will not be recognized as an outflow of resources (expense/expenditure) until that time. A deferred inflow of resources is an acquisition of net assets that applies to future period(s), and as such, will not be recognized as an inflow of resources (revenue) until that time.

Statement 63 changed how governments organize their statements of financial position (such as the current government-wide statement of net assets and the governmental funds balance sheet).

As a result of Statement 63, financial statements will include deferred outflows of resources and deferred inflows of resources ("deferrals"), in addition to assets and liabilities, and will report net position instead of net assets.

Membership fees collected in the current year that will be recognized as revenue next year are classified as a deferred inflow. As of December 31, 2015, \$14,225 of membership fees that pertain to the year ending December 31, 2016 are presented as deferred inflows.

#### Prior Year Amounts:

Amounts shown for December 31, 2014, in the accompanying statements are included to provide a basis for comparison with December 31, 2015 and present summarized totals only. Accordingly, the December 31, 2014 amounts are not intended to present all information necessary for a fair presentation in accordance with accounting principles generally accepted in the United States of America. Certain amounts have been reclassified to conform to the current year presentation.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 2. Summary of Significant Accounting Policies (Continued):

### **Budgetary Data:**

The budget policies are as follows:

In October of each year, the Executive Director submits a tentative budget to the Board of Directors for their approval for the next fiscal year. The tentative budget includes proposed expenditures and the proposed means of financing, which is to be used as a guide of activity for the fiscal year.

### Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those amounts.

The determination of the adequacy of the allowance for loan losses is based on estimates that are particularly susceptible to significant changes in the economic environment and market conditions. In connection with the determination of the estimated losses on loans, management obtains independent appraisals for significant collateral.

The Corporation's loans are generally secured by specific items of collateral including real property, consumer assets, and business assets. Although the Corporation has a diversified loan portfolio, a substantial portion of its debtors' ability to honor their contracts is dependent on local economic conditions in Columbia County, New York.

While management uses available information to recognize losses on loans, further reductions in the carrying amounts of loans may be necessary based on changes in local economic conditions. Because of these factors, it is reasonably possible that the estimated losses on loans may change materially in the near term.

### Revenue Recognition:

Contribution revenue is recognized in the period it is unconditional, measurable, and future installments are considered probable of collection. Contribution revenue that is restricted as a result of a purpose or time restriction is included as a component of "restricted net position", when applicable.

Administrative revenue is recognized in the period services are provided and payments are generally received from related parties on a quarterly basis. Grant revenue is recognized on cost reimbursable contracts in the period the costs are incurred. Advances on grants prior to costs being incurred in accordance with the terms of the grant agreement are deferred until the period costs are incurred. Membership revenue is recognized as revenue over the period of membership.

Interest on loans is recognized in the period earned over the life of the related loans receivable.

Operating revenues include revenue generated from ongoing operating activities. Non-operating revenues include investing, financing and other non-recurring activities.

# COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 2. Summary of Significant Accounting Policies (Continued):

#### Income Taxes:

A provision for income tax has not been provided for in these financial statements, as the Corporation is a not-for-profit corporation exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code.

## **Columbia County Appropriation:**

For the year ended December 31, 2015, Columbia County appropriated \$437,000 for unrestricted use by the Corporation. The Corporation recognizes appropriated income in the period appropriated.

## Cash and Cash Equivalents:

The Organization considers all highly liquid investments with maturities of three months or less when purchased to be cash equivalents.

#### Property and Equipment:

Property and equipment are stated at cost and fair market value for donated items. Maintenance and repairs are expensed as incurred whereas major repairs and betterments are capitalized. Property and equipment comprise office equipment, furniture and software. Depreciation is provided for using the straight-line method over the estimated useful lives of the respective assets, which are:

Computer/Software Furniture and Equipment

3 years 5-10 years

### Loans and Allowance for Loan Losses:

Loans are stated at their recorded investment, which is the amount of unpaid principal, reduced by an allowance for loan losses. Interest is calculated by using the simple interest method.

The allowance for loan losses reflects management's judgment of probable loan losses inherent in the portfolio at the balance sheet date. The Corporation uses a disciplined process and methodology to establish the allowance for loan losses. To determine the total allowance for loan losses, management estimates the reserves needed for each loan outstanding.

To determine the balance of the allowance account, loans are evaluated on a case by case basis and future losses are projected using historical experience adjusted for current economic and industry conditions. Management exercises significant judgment in determining the estimation method that fits the credit risk characteristics of each case. Management must use judgment in establishing additional input factors for estimating purposes. The assumptions used to determine the allowance are periodically reviewed by management to ensure that their theoretical foundation, assumptions, data integrity, computational processes, and reporting practices are appropriate and properly documented.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 2. Summary of Significant Accounting Policies (Continued):

### Loans and Allowance for Loan Losses (continued):

The establishment of the allowance for loan losses relies on a consistent process that requires multiple layers of management review and judgment and responds to changes in economic conditions, customer behavior, and collateral value, among other influences. From time to time, events or economic factors may affect the loan portfolio, causing management to provide additional amounts to, or release balances from, the allowance for loan losses.

Management monitors differences between estimated and actual incurred loan losses. This monitoring process includes periodic assessments by senior management of loan portfolios and the assumptions used to estimate incurred losses in those portfolios. Additions to the allowance for loan losses are made by charges to the provision for loan losses. Credit exposures deemed to be uncollectible are charged against the allowance for loan losses. Recoveries of previously charged off amounts are credited to the allowance for loan losses.

## Concentration of Credit and Market Risk:

Financial instruments that potentially expose the Corporation to concentrations of credit and market risk consist primarily of cash and cash equivalents and loans receivable. Cash and cash equivalents are maintained at Federal Deposit Insurance Corporation insured financial institutions and credit exposure is limited to any one institution.

Concentrations of credit risk with respect to notes receivables are limited due to the diverse industry backgrounds of its borrowers. Furthermore, management feels its borrower approval processes and regular review of provisions for loan losses, adequately provides for any material credit risks. Generally, sufficient collateral or a personal guarantee is obtained for all loans at the time of disbursement. Collateral is generally in the form of a mortgage on real property or a chattel lien on equipment title.

#### Related Party Transactions:

The Corporation participates in Commerce Center Land Sales with the Columbia County Industrial Development Agency (CCIDA). The Corporation pays an administrative amount, called Commerce Park Expense, as the CCIDA plays an administrative role in the transfer of the land. As of December 31, 2015, the Corporation has \$1,240 of cash collected on behalf of the CCIDA as a result of the Commerce Park Land Sales.

In December 2015, the Corporation contributed land with a \$114,734 book value to a third party in conjunction with a construction project. The land was originally purchased by the County of Columbia, New York and transferred to the Corporation upon approval from the County's board. As a result of this land transaction in 2015, the Corporation paid \$114,000 to Columbia County as reimbursement for the original purchase of the land.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 2. Summary of Significant Accounting Policies (Continued):

## Interest Income on Loans:

Interest on loans is accrued and credited to income based on the principal amount outstanding. The accrual of interest on loans is discontinued when, in accordance with adopted policies, there is an indication that the borrower may be unable to meet payments as they become due. Upon such discontinuance, all unpaid accrued interest is reversed.

## Subsequent Events:

Subsequent events have been evaluated through March 30, 2016, which is the date the financial statements were available to be issued.

## 3. Cash and Cash Equivalents:

Cash and cash equivalents at December 31, 2015 were comprised of the following:

		Book		Bank		FDIC	In	
Bank	E	Balance		Balance		Insurance		Excess
First Niagara Bank	\$	717,139	\$	833,153	\$	250,000	\$	583,153
National Union Bank of

	\$	1,712,831	_\$	1,834,799			\$	1,284,117

Included in the book balance above is \$240,229 of restricted cash, \$197,800 held with First Niagara and \$42,429 held with the Bank of Greene County.

The Corporation holds an account on behalf of BEHOLD! New Lebanon ("BEHOLD"), a not for profit entity that had not established 501(c)(3) status until July 2015. The cash account is to receive contributions and make payments for operating costs. The balance in the account at December 31, 2015 was \$5,201. The balance was returned to BEHOLD in 2016.

#### 4. Restricted Cash:

Restricted cash at December 31, 2015, consisted of the following:

Small Business Administration program	\$ 240,229
Total Restricted Cash	\$ 240,229

The Small Business Administration requires the Corporation to keep the SBA bank accounts restricted as they only can be used for small business loans.

# COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

### 5. Loans:

During the year ended December 31, 2015, the Corporation loaned \$484,776 to 10 local businesses.

A summary of loan activity is as follows:

	Balance at December 31, 2014	I	New Lendings	P	ayments	Ad	Other ljustments	Balance at December 31, 2015
Loan Fund CDBG Small Cities SBA Microloan	\$ 1,325,798 293,067 329,076	\$	127,728 - 214,500	\$	120,251 46,630 104,436	\$	331,134 20,000	\$ 1,002,141 226,437 439,140

Less: Allowance for			-					
loan losses	(512,000)							(240,865)
Total Loans	\$ 1,435,941							\$ 1,426,853

## 6. Property and Equipment:

A summary of property and equipment is as follows as of December 31, 2015:

	December 31,					December 31,		
	2014		Acquisitions		Disposals		2015	
Furniture and equipment	\$	18,286	\$	2,770	\$	(2,098)	\$	18,958
Land		114,734				(114,734)		-
		133,020		2,770		(116,832)		18,958
Accumulated depreciation		(11,953)		(2,563)		2,098		(12,418)
Total Property and Equipment	\$	121,067	\$	207	\$	(114,734)		6,540

Depreciation expense was \$2,563 during the year ended December 31, 2015. See Note 2 regarding the disposal of the land.

## 7. Restricted Net Position:

Restricted net position at December 31, 2015, consists of the following:

Commerce Park water tower	\$ 71,817
SBA loan program	 160,539
Total Restricted Net Position	\$ 232,356

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 7. Restricted Net Position (Continued):

For one year only the Corporation did not remit the principal back to Columbia County, New York for Commerce Park loans. The principal is to be retained by the Organization to aide in the construction of the water tower within Commerce Park. Refer to Note 9 for more information on the restrictions.

### 8. SBA Microloan Program:

Since 2003 the Corporation took the steps toward acquiring the Hudson Development Corporation's SBA loan portfolio by establishing a small business loan program. The Corporation acquired the SBA loan program in 2008. Total loans outstanding, net of an allowance under this program, totaled \$439,140 at December 31, 2015.

The Corporation borrows money from SBA loan awards in order to fund loans given to businesses participating in the SBA program. The following illustrates the amounts payable to the SBA:

Balance at						Ε	Balance at
December 31, 2014 Drawdowns		awdowns	Payments		December 31, 2015		
\$ 438	,233	\$	100,000	\$	66,707	\$	471,526

Once draws have been made from the SBA, the Corporation pays the SBA back based on an amortization schedule for each specific drawdown. The following shows the combined expected payout of the SBA drawdowns—Draw Three, Draw Four, and Draw Five:

December 31	Balance
2016	\$ 68,363
2017	68,363
2018	68,363
2019	68,363
2020	59,153
Thereafter	 138,922
Tota1	\$ 471,526

Each drawdown has repayments of principal and interest, with each drawdown having a separate interest rate based on the agreement—1.5% (Draw Three), 1.625% (Draw Four), and 0.75% (Draw Five), per annum.

#### 9. Commerce Park Land:

Beginning in 2005, Columbia County initiated a program to sell undeveloped land it owns in Commerce Park through a component unit, the Columbia County IDA. CEDC works directly with the buyer on the County's behalf. CEDC receives a deposit from the buyer and in turn uses this money to pay for surveying and legal fees associated with the transfer of the land.

## COLUMBIA ECONOMIC DEVELOPMENT CORPORATION (A Component Unit of the County of Columbia, New York) NOTES TO FINANCIAL STATEMENTS (CONTINUED) December 31, 2015

## 9. Commerce Park Land (Continued):

CEDC recognizes a receivable for the sales price due from the buyer and a liability to the County for the same amount. The CCIDA plays an administrative role in the transfer of the land and receives a stipend from the first payment made. The CEDC retains the interest portion earned on land sale receivables as payment for servicing the loans and the remaining principal portion is forwarded to the County. In 2008 and only for 2008, the CEDC retained the principal and interest payments, as agreed upon with the County. CEDC will use the principal payments not remitted to the County to build a water tower in Commerce Park for the County of Columbia. The principal forgiven during 2008 was recognized as revenue.

During the year ended December 31, 2015, the Corporation received three deposits from two companies expected to purchase land in the Commerce Park in 2015, totaling \$8,750.

#### 10. Pension Plan:

The Corporation has a SARSEP pension plan. The Corporation pays 5% of eligible employee's gross wages each year. For the year ended December 31, 2015, the Corporation recorded \$12,157 in pension expense.

#### 11. Unearned Revenue:

As of December 31, 2015, unearned revenue is comprised of:

CDBG Small Cities:

Angello's Distributing, Inc.	\$ 43,669
Hudson Valley Creamery	135,636
Total unearned revenue	\$ 179,305

#### 12. Regulatory Oversight:

During the year ended December 31, 2014, the Corporation was notified that it would be subject to a review by the New York State Authorities Budget Office (ABO). The ABO conducted its review in April 2015 and issued a final report on April 27, 2015. The regulatory review was conducted as a result of a formal complaint filed with the ABO resulting from a land sale deal with a company that is controlled by a former board member. The ABO report concluded that the board demonstrated a lack of awareness of their adopted policies concerning the disclosure of conflicts of interest.

No board member acknowledged that the potential conflicts of interest of certain directors influenced their decisions. The ABO stated that to avoid such complaints in the future the board should insure that all potential conflicts of interest be properly disclosed and addressed in compliance with state law and its own policies.

There were no financial penalties assessed as a result of this investigation.

# REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

### INDEPENDENT AUDITORS' REPORT

To the Chairman of the Board of Columbia Economic Development Corporation

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Columbia Economic Development Corporation as of and for the year ended December 31, 2015, and the related notes to the financial statements, which collectively comprise Columbia Economic Development Corporation's basic financial statements, and have issued our report thereon dated March 30, 2016.

## Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Columbia Economic Development Corporation's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Columbia Economic Development Corporation's internal control. Accordingly, we do not express an opinion on the effectiveness of Columbia Economic Development Corporation's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

## Compliance and Other Matters

As part of obtaining reasonable assurance about whether Columbia Economic Development Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
