INVESTMENT POLICY**

Scope

This investment policy applies to all moneys and other financial resources available for investment by the Columbia County Capital Resource Corporation (the "Corporation").

I. Objectives

The primary objectives of the Corporation's investment activities are, in priority order.

- To conform with all applicable federal, state and other legal requirements;
- To adequately safeguard principal;
- To provide sufficient liquidity to meet all operating requirements; and
- To obtain a reasonable rate of return.

II. Delegation of Authority

The responsibility for administration of the investment program is delegated to the *Administrative Director* who shall establish procedures, *subject to Board approval*, for the operation of the investment program consistent with these investment guidelines. Such procedures shall include an adequate internal control structure to provide a satisfactory level of accountability based on a database or records incorporating description and amounts of investments, transaction dates, and other relevant information.

III. Prudence

All participants in the investment process shall seek to act responsibly as custodians of the public trust and shall avoid any transaction that might impair public confidence in the Corporation.

Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the safety of the principal as well as the probable income to be derived.

Consistent with the Columbia County Capital Resource Corporation's Conflict of Interest Policy, all participants involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions.

The *Administrative Director* is responsible for establishing and maintaining an internal control structure to provide reasonable, but not absolute, assurance that deposits and investments are safeguarded against loss from unauthorized use or disposition, that transactions are executed in accordance with management's authorization and recorded properly, and are managed in compliance with applicable laws and regulations.

The agreement should also describe that the custodian shall confirm the receipt, substitution or release of the securities. The agreement shall provide for the frequency of revaluation of eligible securities and for the substitution of securities when a change in the rating of a security may cause ineligibility. Such agreement shall include all provisions necessary to provide the local government a perfected interest in the securities.
